Hello –

Happy New Year to you both. When we met in Phoenix last month, we tentatively agreed to have an update/call among EPA, ADEQ, and Excelsior on Jan 24<sup>th</sup> in the morning. I have a conflict that has come up that morning and am wondering if you all would be available for the meeting/call in the afternoon of Jan 24<sup>th</sup> instead. I can do 1-3pm pacific if that works or a different time that afternoon if 1-3 does not work. Please let me know and I will coordinate with Rebecca Sawyer of Excelsior.

Thanks!

David
